-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 1 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Election/Restrictions

Restriction to one of the following inventions is required under 35 U.S.C.

121:

- I. Claims 1-5, 7-10, 18-22, drawn to an electronic gaming apparatus for playing the game of bingo involving processing of the bingo cards during game play, classified in class 463, subclass 19.
- II. Claims 11-17, drawn to an electronic gaming apparatus with removable memory and a release key involving the structure of the housing including stacking the apparatuses, classified in class 463, subclass 46.

Inventions I and II are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has separate utility such as playing a bingo game and having memory to store bingo rules and processing to markup and select the bingo cards. Invention II is an electronic game apparatus merely for a game of chance, not necessarily bingo. Invention II recites structural limitations with regard to the apparatus including a release key for removing a memory cartridge and other housing attributes. Invention II can be used to play any game of chance and does not require the particulars of invention I to be used. Furthermore, invention I does

not require the specific housing structure of invention II to be played. See MPEP § 806.05(d).

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Group II, restriction for examination purposes as indicated is proper.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

The Examiner notes that after further consideration of the claims and the divergent subject matter, a restriction is proper in this Application.

Response to Amendment

The amendment filed on December 22 has been noted. The Examiner will consider all amendments and arguments presented once Applicant has elected either Group I or Group II.
